

?AQ'AM TRADING

OPEN 7 DAYS A WEEK 8:30am – 7:30pm

Gas Station Project Update May 23 2018

- We are now waiting for Telus to complete their portion of work in relocating the fibre box and all underground wiring to the South of the construction site so that we can build the entrance road.
- The concrete pads have been poured for the unloading area, fuel storage tank and the dispensaries.
- We are waiting for on-site delivery of the storage tank and dispensers.
- We have ordered a second computer and POS station from Info-Net Technologies. This software will coordinate pay at the pump and tax exempt fuel and tobacco. It also provides our business a back-up computer, a second computer for inventory management and for extremely busy times at the store.
- We are slowly moving items from our existing store into the new store, storage shelving, desks and files as we slowly move into our new space.
- Construction is now moving quickly and we hope to nail down a grand opening date in the coming weeks so stay tuned!
- We have officially on-boarded Melissa Teneese as a part-time retail associate, please welcome Melissa to our team the next time you see her!
- We are lining up a local Ktunaxa artist to complete some artwork on the interior of the store.
