I would like to share that **Bonnie Harvey** has been promoted to the role of **Manager, Governance** with ?aqam, effective July 25, 2024!

What is “governance,” you say? “Governance” means empowering citizens to take action and seize ownership/control/authority over their own affairs...

As you’re all aware, Bonnie is a well-known and cherished Ktunaxa-speaking, powerfully respected person in this role, please join me in sending Bonnie well wishes for this new position.

Hu suki? áukni,

Dr. Stan Chung  
Interim CAO
